## Testimonials

"My father suffered a heart attack while in the mission field. He needed to get to a large hospital for bypass surgery and that involved van, ambulance, and plane rides. I flew from Texas to India and spent 11 days with my dad. I kept asking the hospital, 'Do I have to sign anything? Do I have to do anything?' The answer was always, 'No. Your insurance company's taking care of it.' I don't think I would have my father now, if it weren't for Faith Ventures." —**John Haward Jr., Global Infusion**

"Last month we purchased Faith Ventures for two of our three missions trips. But on the last trip, we forgot to buy Faith Ventures protection. Unfortunately, on that trip, we had an incident that cost us over \$45,000, which we had to pay out of pocket." —**Faith Ventures Customer**

"One of my teammates lost her luggage on the way there, and the folks were very helpful in getting her baggage and paying for her to get some clothes." —**Seth Magnuson, Desiring God**
